

TECHNICAL DATA SHEET

Gum Turpentine

GENERAL PRODUCT DESCRIPTION

Gum Turpentine is distilled from pine

Appearance	Clear Liquid
Synonyms	Turpentine Oil
Colour	Colorless
CAS No.	8006-64-2

PRODUCT SPECIFICATIONS

Product specification	Typical Properties
Specific Gravity Max r^{20}_4	0.88 max
Diopre N^{20}_D	1.4670- 1.4780
Initial Distilled Point Min.	150°C min.
Volume of Distilled Liquid, Low to 170°C min.	85% min.
Acid Value Max. mgKOH/g	1 max

APPLICATIONS

Use as solvent.

FORM OF SUPPLY

*Net wt. 195KGS. Packing in galvanized iron drums
In Bulk 20mt per isotank,*

STORAGE CONFITIONS:

Stored in Cool, dry and ventilated location. Protected from light and covered with nitrogen in container.

Shelf life: One year with proper storage.
