

## TECHNICAL DATA SHEET

### Superfine Camphor Powder

#### GENERAL PRODUCT DESCRIPTION

*Superfine Camphor Powder is lapping from synthesized camphor.*

Appearance            Powder  
Colour                 White  
CAS No.                76-22-2  
Molecular formula:   C<sub>10</sub>H<sub>16</sub>O

#### PRODUCT SPECIFICATIONS

Product specification	Typical Properties
Content of Camphor (G.C.)	88% min.
Dispersant	8% max.
Granularity	100µ m max.

#### FORM OF SUPPLY

*Net wt.25KGS.Packing in carton box*

#### STORAGE CONDITIONS:

*Stored in Cool, dry and ventilated location. Protected from light and covered with nitrogen in container.*

*Shelf life: One year with proper storage.*
