

TECHNICAL DATA SHEET

D-Limonene

GENERAL PRODUCT DESCRIPTION

D-limonene is amix derivatives of gum turpentine.

Appearance Transparent, Clear Liquid
Colour Colorless or light yellow
Odour Orange and pine odor

PRODUCT SPECIFICATIONS

Product specification	Typical Properties
Specific Gravity Max r^{20}_4	0.850 max
Dioptré N^{20}_D	1.4900 max
Limoene content (G.C.)	75%min.
Acid Value Max. mgKOH/g	10 max
Distilling Volume below 190°C	98%min.

APPLICATIONS

Used as solvent and as basic chemicals of synthetic perfume, resin.

FORM OF SUPPLY

Net wt. 195KGS. Packing in galvanized iron drums

In Bulk 20mt per isotank,

STORAGE CONFITIONS:

Stored in Cool, dry and ventilated location. Protected from light and covered with nitrogen in container.

Shelf life: One year with proper storage.
